

Thermo Fisher Scientific

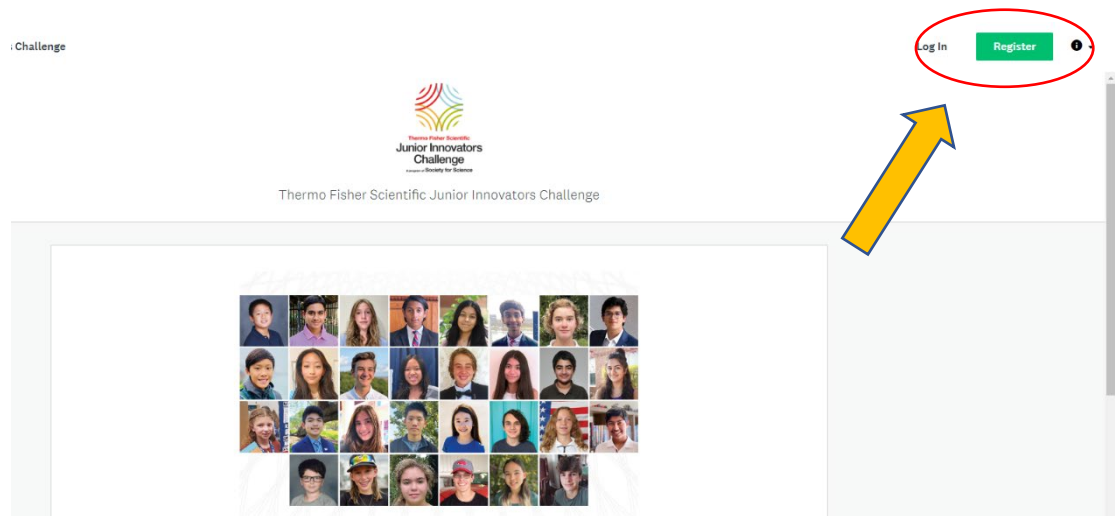

Junior Innovators Challenge 2024

How to Open an Application

Congratulations on earning a nomination to the Thermo Fisher Scientific Junior Innovators Challenge (JIC)! The top 10% of 6th, 7th, and 8th grade competitors at Society-affiliated fairs in the US are eligible for nomination. Use this guide for step-by-step instructions on how to create an account and start your application today!

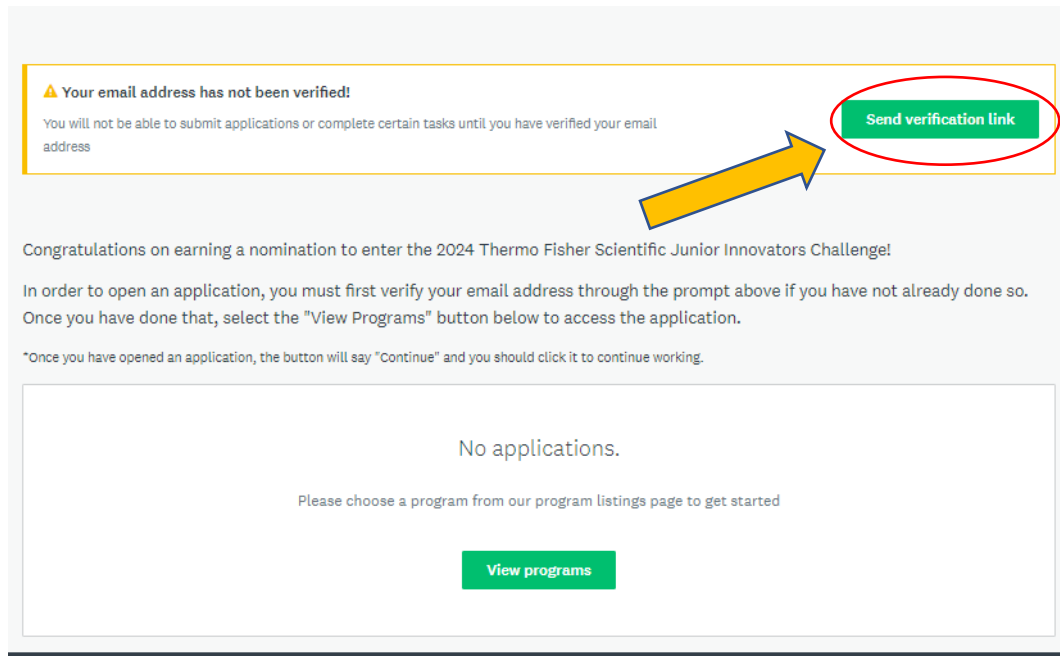

1. To open an application, click the green “Register” button at <https://thermofisherjic.smapply.org/>

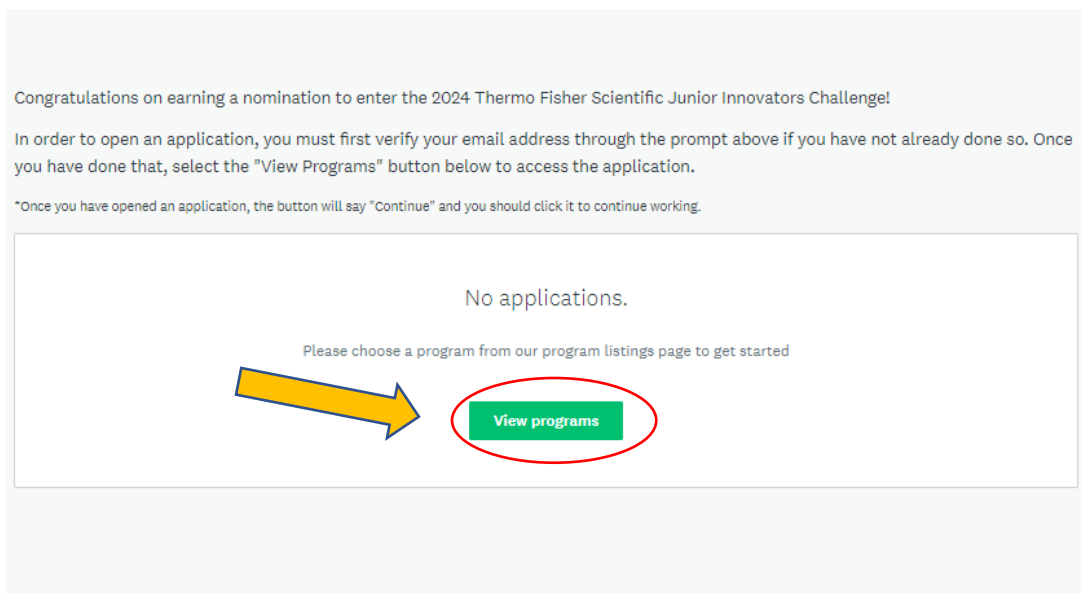

2. On the next page you will register for an account. Once you have entered your name, email, and a password, check the reCAPTCHA box and click the green button “Create Account”.

A screenshot of the registration form on the Apply website. The form is titled "Register for an applicant account" and includes a welcome message. It offers social media login options (Facebook, Twitter, Google) and a "Register with" section. Below this, there are input fields for "First name" (with "Example" as a placeholder), "Last name" (with "One" as a placeholder), "Email" (with "example@example.com" as a placeholder), "Password", and "Confirm password". At the bottom, there is a reCAPTCHA box with a checkmark and the text "I'm not a robot". The "CREATE ACCOUNT" button is highlighted with a red circle, and a yellow arrow points to it from the right side of the page.

3. Once you have created an application, you will need to verify your email address. If you do not receive the link in your email inbox within a few minutes, click the green “Send verification link” button at the top of the page.

4. Once you have confirmed your email address, you will need to refresh the page or log back in and click on the “View programs” button.

5. Click on “More” to access the Thermo Fisher JIC 2024 application.

The Thermo Fisher Scientific Junior Innovators Challenge (JIC), a program founded and produced by Society for Science (the Society), seeks to inspire young scientists, engineers, and innovators who will solve the grand challenges of the future. The Thermo Fisher JIC is the only middle school STEM competition that leverages Society-affiliated science fairs as a crucial component of the STEM talent pipeline. As a Thermo Fisher JIC nominee, you are part of the top 10 percent of 8th, 7th, and 8th grade projects entered into Society-affiliated fairs around the country - that's a huge accomplishment!

You are now taking the next step in the Thermo Fisher JIC by opening and completing your application. Good luck!

Check out these different pages in the top right of your menu bar as you work on the application:

- [Resources](#) page: Find the 2024 rules, forms, and videos to walk you through the application
- [FAQ](#) page: Have a question? Check here to find answers to frequently asked questions.
- Need more help? Email us at jic@societyforscience.org

Click the green "More" button below to get started!

6. To begin working on your application, click “Apply” and name your application (lastname.firstname.zipcode).

2024 Thermo Fisher Scientific Junior Innovators Challenge (JIC) Application

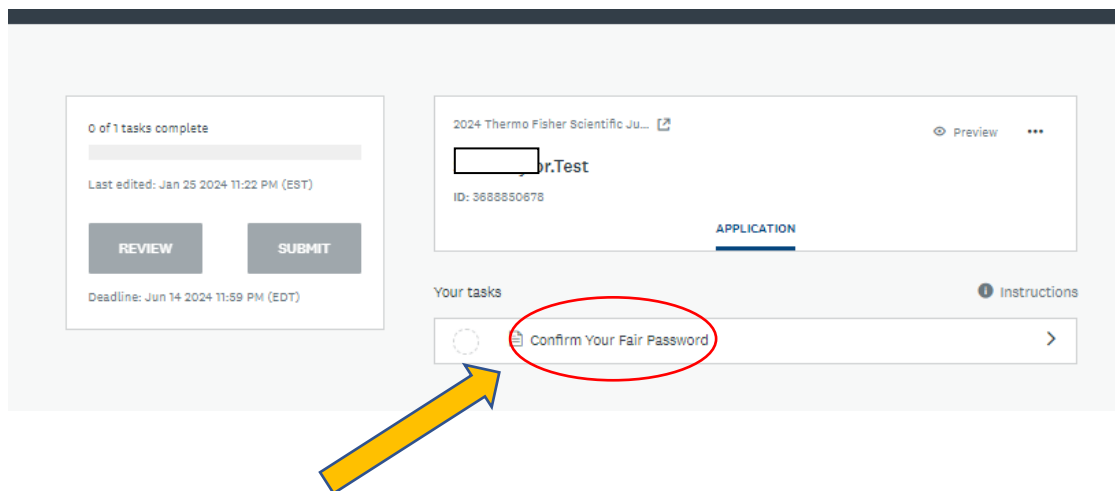

Congratulations, you are now registered in the Thermo Fisher Scientific Junior Innovators Challenge, a program of Society for Science! Tell us about yourself and your awesome project through this application form. We are here to help you along the way – check out the [Resources](#) tab in the upper right-hand corner of the application screen for helpful hints, and feel free to [email us](mailto:jic@societyforscience.org) at any time with your questions. Please add jic@societyforscience.org as a contact in your email account to make sure you receive important notifications.

Take these next steps to complete your application:

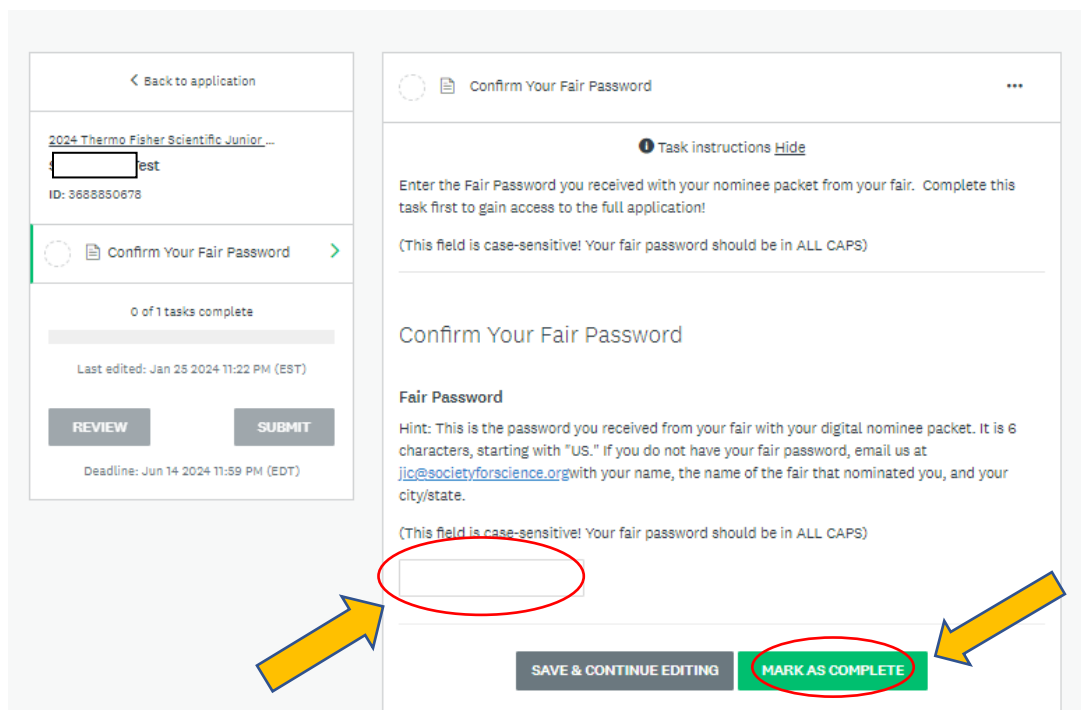

1. Review the complete [Official Rules 2024](#).
2. Rename your application - you will be asked to do so once you click the green "Apply" button.
3. Complete all parts of this application. You may save your work and return to the site as often as you'd like before the deadline, even after you hit submit!
4. Upload your visual aid PDF (data, charts, graphs, etc.).
5. Upload your science fair approval forms (if applicable).
6. Upload your signed [Parent/Guardian Permission Form 2024](#).
7. Download your application to review your responses, [using the three dots in the upper right-hand corner of the application screen](#).
8. Submit all information by [Wednesday, June 12, 2024, at 8:00 PM Eastern Time!](#) Be sure to hit the "Submit" button!

7. Once your application has been created, you will need to confirm your Fair Password that was given to you by your Fair Director in your nominee packet. If you cannot find your Fair Password, email us at jic@societyscience.org with your name, the name of the fair that nominated you, and your city/state.

8. Enter your Fair Password and then click the green button to Mark as Complete. You can now move on and complete the rest of the application. If you don't know your Fair Password or if you enter it incorrectly please email jic@societyscience.org with your name, city and state, and the fair that nominated you.

9. Each time you return to your application you will login and be taken to the following page. Click "Continue" to keep working.

Congratulations on earning a nomination to enter the 2024 Thermo Fisher Scientific Junior Innovators Challenge!

In order to open an application, you must first verify your email address through the prompt above if you have not already done so. Once you have done that, select the "View Programs" button below to access the application.

*Once you have opened an application, the button will say "Continue" and you should click it to continue working.
